

Geriatric Addiction Rounds

Opioid Agonist treatment and Older Adults

Presenter:

Jonathan Rajeevan Bertram is a Staff Physician at the Centre for Addiction & Mental Health (CAMH) under the Addictions Medicine Service & Aboriginal Outreach. He runs a community practice in Pain, Family Medicine & Addictions in Bowmanville, Ontario. He is a consultant physician on Geriatric Addictions management to COPA (Community Outreach Programs in Addictions).

Learning Objectives:

- *Review indications of opioid dependence in geriatric patients*
- *Review initiation protocol for BMT (Buprenorphine Maintenance Therapy)*
- *Discuss management of geriatric patients on BMT*

The Geriatric Addiction Rounds are accredited for Mainpro+ credits of 1.5 credits per session. Please contact mwhitecampbell@cmhawwd.ca or darmstrong@cmhawwd.ca for confirmation of credits or a certificate of attendance
