

Collective Disruption Presents

CRACKED

NEW LIGHT ON DEMENTIA

by Julia Gray and the Ensemble

Produced by The Partnerships in Dementia Care Alliance

Artwork by Gail Mitchell

Cracked is an innovative research-based play that follows persons with dementia and their families on their unique journeys with dementia, from diagnosis to their new lives in long-term care.

The families struggle to see beyond the disease as they come to accept that each of us has cracks as part of being human.
