

# Geriatric Addiction Rounds

## Working with Precontemplative Older Adults with Substance Use Disorders

### Presenter:

**Jonathan Rajeevan Bertram** is a Staff Physician at the Centre for Addiction & Mental Health (CAMH) under the Addictions Medicine Service & Aboriginal Outreach. He runs a community practice in Pain, Family Medicine & Addictions in Bowmanville, Ontario. He is a consultant physician on Geriatric Addictions management to COPA (Community Outreach Programs in Addictions)

### Learning Objectives:

- To review strategies for dealing with challenging situations
- To discuss engagement and intervention
- To discuss use of SBIRT (Screening Brief Intervention and Referral to Treatment)
- To apply case based learning
- Please contact us if you have a case you would like to present

The Geriatric Addictions Rounds are accredited for Mainpro+ credits of 1.5 credits per session. Please contact [mwhitecampbell@reconnect.ca](mailto:mwhitecampbell@reconnect.ca) or [darmsstrong@cmhaww.ca](mailto:darmsstrong@cmhaww.ca) for confirmation of credits or a certificate of attendance.
