BSO Foundations Virtual Train the Trainer Program

BSO Foundations Train the Trainer Program

Course Description

This 4 day knowledge to practice program builds the competencies of facilitators to deliver the BSO Foundations training program. The BSO Foundations training program provides:

- Interactive small group discussion with reflective, skill building exercises
- Scaffolded learning environment adapted to specific geographic and service contexts that is aligned with BSO core curricula (found within the Behavioural Supports 5 STaR Programs: Specialized Training and Resources)
- Team development and change management principles

Participants

- Psychogeriatric Resource Consultant (PRC's) or approved BSO Educators*

*Please contact the BSO Provincial Coordinating Office regarding unique BSO educator roles in your region.

Goals of Program

- To increase understanding of the BSO Foundations training program; and to foster confidence in the ability to set up and deliver the program for participants in their region
- To increase knowledge and application of technology used to deliver interactive elements of the program

Prerequisites

- Required:
  - ✓ PIECES™ Learning and Development Program facilitator and Gentle Persuasive Approaches coach
  - ✓ Person Centred Language eCourse for Team Members
  - ✓ BSO-DOS© Instructional Video
  - ✓ BSO Toolkit orientation video & BSO clinical documentation instructions videos (found within the BSO Toolkit)
- Recommended:
  - ✓ Additional Behavioural Supports 5 STaR Programs

Structure

- 4 full days virtual sessions using Zoom
- First half of each day is participation in BSO Foundations program
- Second half of each day is focused on facilitation principles (train the trainer) and use of technology
- Program facilitated by Regional Geriatric Program of Toronto PRCs
