Start-Up Checklist

- Discard unused copies of any old DOS versions.
- Print copies of the BSO-DOS© for your team.
- Print copies of the User Guide (laminates or put in a protective cover).
- Print a copy of the Resource Manual for your team.
- Review a case study in the Resource Manual as a team.
- Make the BSO-DOS© instructional video available to team members.
- Ensure your team has a set of 6 highlighters.
- Trial the BSO-DOS© with one resident/patient – discuss outcomes as a team.
- Engage in regular team huddles regarding the new BSO-DOS© over the first 3-6 months to support a smooth transition and sustainability. Identify what is going well, challenges and potential solutions. Share this valuable information with the BSO Provincial Coordinating Office through this link:
https://www.surveymonkey.com/r/BSO-DOS_Implementation
- Conduct ongoing checks to ensure that unused copies of the old DOS versions are discarded.
